(B) Sign in

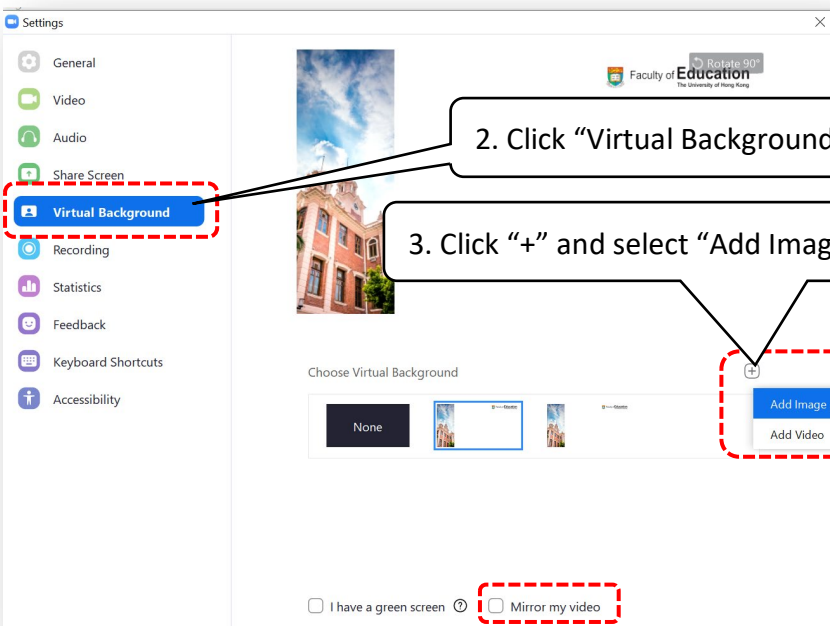

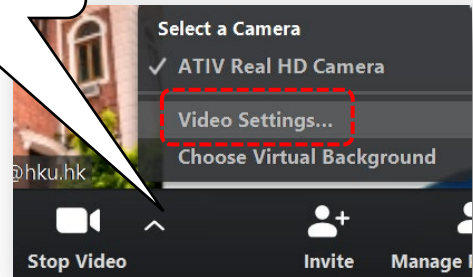

Visit <https://hku.zoom.us/> and click the green “Log in” button. You will be redirected to the HKU Portal login page and please Login using your HKU Portal account.

(D) Virtual Background

When you are inside a meeting, click on the “^” icon next to the video icon and select “Video Settings...”.

1. Click “^” and select “Video Settings...”

Click “Virtual Background” on the left-hand-side menu bar, then click “+” icon and select “Add Image” from the “Choose Virtual Background” field to add our Faculty image.

If the image is mirrored, then check the “Mirror my video” at the bottom. Please note that you can enable “mirror effect” from the video setting. If you can’t see this option, then please use the mirrored Faculty image for the virtual background.
